Experience

Project REEL - Team Lead | Kennesaw, GA | 2025

- High-fidelity Prototype / Leadership & Management / UX & UI
- Using the Goal-Directed Design process, I guided my team in developing a user-centered design solution for REEL, a high-fidelity prototype of a media review platform enabling users to rate, review, and explore movies and TV shows.
- GDD: Research, Affinity Mapping, Interviews, Persona Modeling, Requirements and Context Scenarios, Wireframing, Usability Testing, Iterative Refinement

MEI Corporation / OMEGA Holdings - Puller | Peachtree City, GA | 2024

- Accurately pulled, labeled, and packaged truck parts to meet daily shipping requirements
- Assisted employees to ensure smooth workflow integration
- Operated warehouse equipment including label machines, packing foam machines, scanners, and pallet jacks to maintain efficiency and safety standards

Williamson Eye Care - Receptionist | Tyrone, GA | 2023

- Managed front desk operations, including patient check-ins and appointment scheduling
- Verified insurance information and maintained accurate medical records to support patient care
- Facilitated patient communications, documentation, and recalls to improve service quality
- Paperwork processing and organizational tasks
